

Secretary's Report

When you start to look at the achievements of club members across the year, how do you decide which events and which individuals are most worthy of mention? You might focus on the traditional hill racing events, but then what about some of the amazing and crazy feats of ultra running both home and abroad, duathlons, triathlons, long distance swims, mountain challenges, orienteering, Munro bagging, Corbett bagging, paddling expeditions, cross country ski-ing trips, the list goes on and Cosmics are out there doing it all.

However we are Cosmic Hillbashers, with our roots in hill racing and must congratulate Veronique Oldam on continuing to put the Cosmic colours out there at the business end of hill races, securing 3rd place female in the SHR Long Classics series. In the Scottish Hill Runners' Championship Veronique was confirmed as F55 champion and 3rd F50 following the final race at Morven. No one else in Cosmics did the 4 races required to complete the SHR championship and earn their souvenir mug this year.

Of the other individual achievements, Alan Cormack is a standout with his multiple ultra running achievements – full details further down this report. Elaine Murdoch has achieved podium finishes in Duathlon events at Scottish, British and European level and Chelsea Cook has secured multiple podiums and PBs from 5K through to marathon.

Beyond that I leave it to everyone to make their own judgements on the relative achievements of their team mates. I set myself a bit of a task which I did come to regret. On the basis of wanting to be inclusive and to recognise as many as possible of members' achievements across the year and not leave anyone out, I set out to collate all of the information in the weekly Monday posts on Facebook. I have not detailed all of the Krunce results (just the series ones), nor all of the activities completed for the elevation challenge, or Parkruns (multiple participants most weekends) but have managed to list the achievements of 60 Cosmics' members – on the following pages. Apologies if I have gone wrong in any of the copying and pasting, and aware this is only what we know about. Names in alphabetical order so should be easy to find everyone! N.B. This would not have been possible without the weekly reports by Anna Harris-Logie and Anita Hamilton.

We are also doing great things with group activities, like the Marcothon Challenge. At the end of 2024, 14 members completed the challenge to undertake at least 25 minutes of activity every day in December with a further 11 members taking part. A great device for fostering club cohesion and a healthy competitive spirit outwith the traditional racing context. 10 have signed up so far for Marcothon 2025 – get signed up on Spond as December is fast approaching!

This team dynamic was taken to another level (pardon the pun) with our elevation challenge which kicked off in May. 29 Cosmics were signed up with the initial target to achieve the combined height gain of all the Munros within the area of responsibility of the Aberdeen Mountain rescue team – 35,275m. From the very start the driving force of the leader board saw individuals quickly building formidable totals and within a couple of days it was clear that the target would have to be urgently revised. So, the new target – the total combined elevation of all the Munros 287,044 was our aim! Although this could clearly not be achieved within the original timeframe of the month of May this new target was on an ASAP basis, and amazingly was achieved on 21 June.

Total elevation 288,335 meters

Top contributions were 27900m for Dave Taylor, 26749m Marianne Lang & 24191m for Corri Black, and over £900 raised for the Aberdeen Mountain Rescue Team

All participants - 31 names in all so I think there were some latecomers - Dave, Marianne, Corri, Sam, Lesley, Rob, Colin, Anna, Richard L, Ian H, Anita, Gillian, Véronique, Graeme, Gemma, Rory, Jim, Lynn, Ian C, Andrea, Graeme C, Stuart R, Maria D, Linda, Pippa, Lesley, Jason W, Moray, Elaine, Ros & Lyndsay.

Whatspp groups have been a great tool for fostering the team dynamic in these multi participant events.

Another aspect of our club which I think is really worthy of mention is the sheer number of races that we organise. This appears to be enabled by multiple different club members taking the lead on race organisation, all doing a tremendous amount of work to deliver these events, supported by members across the club. The result is an amazing contribution to the local hill running scene at the same time raising some funds for our club in the process.

Special thanks to Gillian Clunas for the huge amount of work done on the runs programme as well as organising social events, help with organising the AGM hosting bakeoffs, arranging surveys and many other tasks. Great work by Anna Harris-Logie on the social media supported by Anita Hamilton.

Finally I must mention Ewen Rennie who continues to come out in all weathers to deliver our Tuesday sessions – what would we do without Ewen and the dreaded whistle? Also note Ewen is homing in on 600 Parkruns and has over 100 volunteer credits.

What an amazing group of people we all are, and I say without irony, someone out there in our membership would be privileged to take up the role of Chair of such a great club. The chair will be supported by a hard working committee who invest a lot of time and energy in their roles. With buy in from members on what you need from your club we will work to deliver and make the club even better in 2026 and beyond.

Member achievements:

Corri Black Third place in the Elevation challenge fund raiser for Aberdeen Mountain Rescue with 24,191m elevation, In the Alps completed the UTMR (Ultra Tour Monte Rosa) stage race, 4 days starting and finishing in Grachen. She has recorded 170K and 11,000m climb, 38 hours of running to finish in 100th place overall, 7th F50. Ultra event called “Lakes in a Day” from Caldbeck to Cartmel via the Helvellyn Ridge and the shore of Windermere, 85km and 4000m climb, which took 17h23m, finishing about 01.30.

Keiran Budgell - Pittenderich Night Race, Clachnaben Hill race, Cairn William Hill race.

Iain Campbell – Ben Chonzie Hill race, Tarland Pressendye race, Bennachie Hill Race, 1st place Morven Hill race.

Rod Campbell 2nd M70 El-Brim-Ick

A Cosmics legend and our Welfare Officer, turned 80 years old in September.

Andy Chapman Grampian Mountain Challenge with Colin Larmour (Cosmic Comics) was 5th in C class. OMM (Original Mountain Marathon) with Ian Hamilton, 16th Vet (90th overall) in the Long Score

Gillian Clunas Clachnaben Hill race 2nd FV60, Would recommend the St Cuthberts Way as a long distance route. Very varied terrain but up close and personal vegetation in the summer (didn't like the ferns). Finishing at Holy Island was quite special walking out around 3kms to the island at low tide, with Linda Smith (The Cosmetics) Grampian Mountain Challenge C class, many multi day paddling expeditions.

Chelsea Cook 3rd F Forfar Multi-Terrain Half Marathon, 3rd F Feterresso Marathon, Nairn 10Km race 40:37, Inverness half marathon, 1h29 at Alloa Half marathon, Fast and Flat 5K – PB 18.43, Balmoral races overall 2nd, Garioch Half Marathon 1st F, Glen Tanar Trail Running Festival 2nd woman in 25K event, Scottish Half Marathon with a PB, 2nd F Dyce Half Marathon, 3rd F Crathes Running Festival Half Marathon, Loch Ness Marathon - Chelsea improved her best by a fantastic 12 minutes and made the qualifying time for automatic entry to the London Marathon, Peterhead 10K PB and 3rd female, Fraserburgh Half Marathon was very muddy (I think there must be an off road section), but this didn't prevent Chelsea from getting a PB and a podium place as 2nd Female.

Alan Cormack

- Forfar Multi-Terrain Half Marathon
- Proms 3K (Feb)
- Lapland Arctic Ultra, 50k from Overkallix to Jockfall at the weekend. A huge PB with 1h58 from last year
